TGU offers a variety of sports, activities, groups and organizations to all students who have skills and a desire to participate. Policies, procedures, and regulations in this handbook comply with school board policies and administrative procedures. They are designed to provide for successful experiences for students and efficient operation of our athletic programs, groups and organizations.

The purpose of the TGU School District Athletic, Group & Organization, Parent/Guardian, Coaches and Advisor Handbook is to provide a basic understanding of the philosophy, rules, & general policies of the District. No written policy, rule or regulation can cover all situations. All TGU District Policies are on file in each school office. The school board reserves the right to review and update policies and procedures throughout the school year. Please review the handbook and keep it available for future reference.

Philosophy

TGU School District believes that a strong athletic, group and organization programs are an extension of the classroom. Athletic and group participation offers students an opportunity to develop and grow physically, intellectually, emotionally, and socially. The positive benefits that participation in athletics and groups include, but are not limited to self-esteem, self-discipline, self-confidence, and the development of school spirit. Participants learn the values associated with competition, and benefit from the experience of both winning and losing. These experiences provide an integral part of the foundation needed to be a productive citizen, capable of leading a full and enriched life.

Sportsmanship Philosophy and Guidelines

The TGU School District believes in good sportsmanship and positive attitude by participants, parents and fans. This document has been prepared to ensure that everyone involved at TGU has a common understanding of these basic principles. We believe that participation is as important as winning. We believe that students should be coached and advised to participate to the best of their ability and to understand that to do well is to do well honorably. The promotion of sportsmanship and fairness is the obligation of all school personnel and is directed to the behavior of spectators, coaches, advisors and players.

TGU is a member of the North Dakota High School Activities Association and participates in the NDHSAA Sportsmanship Program. We expect school staff, students and parents to know and embrace the following fundamentals:

1. Respect should be demonstrated for opponents and for their school at all times. TGU should treat visitors and their supporters as guests and accord them the consideration all deserve.
2. Respect should be demonstrated to officials at all times. As impartial arbiters who are trained to do their jobs to the best of their ability, officials should be given respect and an attitude of good sportsmanship regardless of the outcome.
3. Knowledge and proper respect for the rules of the contest should guide the behavior of all participants. Rules are essential for a fair contest, participants should strive to maintain self-control at all times. A proper perspective should be maintained by all, if the potential educational values of athletic competition are to be realized.
4. Participants should appreciate skill in performance regardless of school affiliation. Recognition of the good performance of an opponent is a demonstration of generosity and good will that is encouraged by all. In order for good sportsmanship to exist, it is essential that all participants understand their responsibilities and behavior before, during, and after contests.

The goal of TGU athletics, groups & organization is to offer opportunities for students to participate in a variety of activities.
