

TGU SCHOOL DISTRICT INVITES YOU TO A  
**PUBLIC MEETING**  
TO DISCUSS PROPOSED SCHOOL IMPROVEMENTS

## WHAT IS THE MEETING ABOUT?

Over the past year, the district has evaluated the existing conditions of our school facilities, engaged staff, and formed a citizens committee. The information has been evaluated, options have been considered, and a recommendation to improve our schools has been prepared.

The recommended school improvement plan and cost will be shared, including referendum information and tax impact.

Following the presentation, we will answer your questions.

We encourage you to attend the meetings to seek information about the proposed project and suggest additional ideas of how to improve our schools to support current and future generations of Titans.

## GOALS OF THE PROPOSED PROJECT

- ◆ Consider improvements to Towner and Granville school facilities
- ◆ Address immediate, critical school repairs
- ◆ Implement safety and security improvements
- ◆ Identify a realistic school improvement project that provides the ability to fund remaining school repairs/maintenance annually

## OUR NEEDS

- ◆ TGU schools were built between 1938 and 1977.
- ◆ Last year, a facility condition assessment performed at all three schools identified \$9.1 million in potential repairs over the next 10 years.
- ◆ Improvements are needed to repair/replace heating systems, electrical improvements, code compliant issues (handicap accessibility, fire alarms/fire sprinkler), building safety/security (secure entry, access control), interior finishes and exterior building repairs. Additionally, improvements are needed to the locker rooms, classrooms, student commons, and other education needs to improve the fast changing learning environment.

## WHY NOW

- ◆ District cannot adequately fund all school improvements annually
- ◆ Proposed project will eliminate/avoid almost \$7 million in school repairs
- ◆ Available 2% school construction loan can save significant money over 20-year loan
- ◆ Construction costs are still competitive (but are starting to rise and will only go up)

### **PUBLIC MEETING #1**

Towner School  
Monday, August 6, 2018  
7:00 p.m. - 9:00 p.m.

### **PUBLIC MEETING #2**

Granville Elementary  
Tuesday, August 7, 2018  
7:00 p.m. - 9:00 p.m.

- ⇒ *Learn about the project*
- ⇒ *Ask questions*
- ⇒ *Provide input*
- ⇒ *Tour the schools*
